AGRICULTURE IN OHIO.

sties from the Annual Report. COLUMBUS, O., Oct. 29, The forthcoming report of the Ohio State Board of Agriculture, for 1871,

presents the statistics of crops, etc., by counties. I sppend herewith the leading facts: WHEAT Darke County put more acres in wheat than any other (56,783) and raised 669,355 bushels. Seneca beat

Stark comes next, with 659,902 bushels; Champaign fourth, with 608,226; Miami next, 598,150; Wayne next, 573,025; and Montgomery next 559,-289. The previous year Montgomery led with 454,227 bushels.

Geauga County put in the smallest number of (only 2,903), but Jackson clover hay-26,518 tons. Wayne cents. We are advised also that in County did the worst raising, only produced 24,504; Crawford, 16,016, central Ohio corn delivered at the 28,516 bushels upon 10,626 acre, while Geauga produced 35,829. Pike County came in third in the ascending scale, with 41,570 bushels; Scioto of hay. Fayette raised the smallest freights consume the product-that scale, with 41,570 bushels; Scioto number of tons, 147; Jackson next, one hushel no longer pays the transfourth, 42,861; and Vinton next, with 167; Madison next, 170; Vinton portation of another—and that it 47,053 No other fell below 50,000.

Geauga was also behind all others the previous year, producing then 34,935

Hancock county led off in the real fire fire the producer will below 300.

other, and raised 13,752 bushels .-But Madison led, producing 20,440 bushels upon 1,565 acres; Darke was second, with 15,879 bushels; Pickaway third, with 14,845-thus bring came fifth. with 13,480; Brown next 009 bushels.

acres of rye, and produced 69 bushels. Geauga had only 2 Vinton produced 268; Lawarence, 885; Jzckson, 417; Williams, 614; hay the previous year also-28,621 when it comes to be sold there is dan-Morgan, 685; Noble, and Geauga, tone, and Pike brought up the rear with ger that the operation will not be 833. No other fell below 900 bushels. 136. Wayne produced most seed- found profitable. The surplus of corn The previous year Brown County 20,685 bushels, and Lawrence least will also have the effect of inducing led in rye with 12,679 bushels, and -- 8. Scioto was behind then, as now, with

came in second, with 7,494 bushels; figures are so obviously and ludierous | be had, would be but a partial relief Wood third, with 6,416; Fulton ly wrong and absurd either for one -- a remely must be found in the defourth, with 5,512, and Washington county or the other that I can draw velopment of our home markets for
